Information regarding physiotherapy

You need a prescription before coming to the first treatment.

The duration of a single treatment and that of the entire series of treatments is dependent on prescription and medical condition. The first treatment including initial assessment will take approximately 1 hour (50-70 min.). When early improvement occurs, the series of therapy treatments can be ended prematurely. The refund of costs from your health insurance provider is possible at any time.

Standard prescriptions as an example: 10x physiotherapy a 45min. (or 30min.)
 Eventually if required additionally: 10x Massage a 15min. In order for a refund of costs from your health insurance provider the prescription needs to be approved at the beginning of the physiotherapy. At the end of the series of treatments you receive an invoice as well as an application form for refund of costs from your health insurance provider. Please pay for individual treatments directly after treatments. The therapy takes place at doctor's practice Dr. Krasny.

(Kaiserin Elisabethstrasse 1-3, 2344 Maria Enzersdorf)

Please bring all available diagnostic findings, x-rays (or MRI, CT,...) as well as a bed sheet (or fitted sheet) to the treatment with you!
